

A Palette of Fun with Arts & Crafts

Art – Grade 4-6

Students create a mural of an outdoor topic.

Materials:

- Any size paper, though bigger is usually better
- Pencils, markers, crayons or oil pastels

Instructions:

1. Pick an outdoor topic with your students, such as an activity or a location that they enjoy.
2. On one large sheet of paper, each person draws different items to illustrate that topic. No one (children or adults) takes total control of the drawing, it evolves as you go along. Encourage details: scales on a fish, seaweed, design on clothing, etc. The story drawing is finished when you run out of ideas.
3. Have students share what they drew to add to the story.
